Welcome to Avant

Thank you for choosing Avant to provide your medical indemnity insurance.

An Avant Practitioner Indemnity Insurance Policy and Avant Membership offers so much more than insurance. Avant Membership provides exclusive access to our Medico-legal Advisory Service (MLAS) available 24/7 (after hours and on weekends in emergencies) and Avant Law.

With an Avant Practitioner Indemnity policy, you can practise with confidence knowing you have the right level of protection. It's a comprehensive policy that's continually evolving to meet your needs and the ever-changing regulatory environment.

We have relied on the information you have provided us to make this offer, so it is important to let us know of any corrections or changes to this information.

This Product Disclosure Statement (PDS) and policy booklet is designed to assist you in making an informed choice about whether our product meets your insurance requirements. It sets out what we will and won't cover you for, and under what conditions. Please contact us about anything in these documents.

Some of the words used in this PDS are specifically defined in the Definitions section.

Who is the insurer?

Avant Insurance Limited ABN 82 003 707 471 AFS Licence 238 765 is the insurer and the issuer of this PDS and the policy.

Avant Insurance Limited is a wholly owned subsidiary of Avant Mutual Group Limited ABN 58 123 154 898.

Your cover

We cover you for work that you do as a healthcare professional. If you are a sole practitioner, we will also cover your practice staff in some circumstances.

If you no longer provide healthcare, a run-off policy will provide cover for claims made against you.

Type of insurance

Claims made insurance

This is a claims made policy. This means that you are covered for claims made against you and notified in writing to Avant during the policy period. You need a current insurance policy to protect yourself against claims made by patients and other third parties at the time the claim is made, rather than when the incident leading to the claim occurred.

What we insure

- Civil liability
- Disciplinary and other matters that arise in connection with your provision of healthcare
- Choice of optional coverages that you can add to your policy for an additional premium if these are right for you

What we pay

The most we will pay for any one claim or request for indemnity under this policy, and in aggregate for all claims in the policy period, is the maximum sum insured listed on your policy schedule.

Please also refer to the sub-limits on **page 7** and throughout the policy wording.

1. **Key details** about your policy

What is a Product Disclosure Statement?

The Product Disclosure Statement (PDS) sets out the cover that is provided by the insurance product. You should read it carefully.

This PDS will assist you in making an informed choice about whether this product meets your insurance requirements.

Your complete policy comprises of this PDS, any supplementary PDS' we have provided to you, the Category of Practice Guide found at the end of this booklet and your policy schedule.

Your policy is subject to the terms, definitions, exclusions, limitations and conditions contained in these documents. Please contact us if you would like a copy of any of your policy documents.

We will issue your policy schedule to you when we receive payment from you. Your policy schedule sets out any special conditions which may apply to you, your policy period, personal details, your professional practice details, sums insured, sub-limits, deductibles, retroactive date, run-off period and any optional covers.

Your premium

When calculating your premium we take into account a number of factors, including:

- your category of practice;
- your gross billings;
- any optional covers selected or amendments to the standard cover that are requested;
- the states or territories where you practise;
- your claims history;
- the commencement date of your retroactive cover or run-off period;
- any specific factor which increases risk; and
- any special discounts or loadings.

Your policy will come into effect once we have received payment of your premium. If you elect to pay your premium by instalments you will be charged an instalment fee, and your policy will come into effect once we have received your first instalment.

If you pay your premium late, we may reject your payment and you will not be covered under the policy.

If you pay your premium by instalments and your payment is overdue:

- i. we can refuse any claim or request for indemnity if payment is 14 days (or more) late; and
- ii. your policy will automatically cease if payment is one month (or more) late, without notification to you.

If there is a premium adjustment throughout the policy period which leads to a reduction in premium, we will apply any credit from the adjustment to existing debts before a refund is made to you.

Your category of practice and gross billings

Please refer to the *Category of Practice Guide* on page 30 for details on how to select your correct category of practice and for detailed information on how to accurately calculate your gross billings.

If you do not select the correct category of practice, practice outside your category of practice, or incorrectly disclose your gross billings, we may refuse to cover you. We may also elect to cancel your policy if you have failed to comply with your duty of disclosure or misrepresented your category of practice or gross billings. If your actions were fraudulent, we can treat your policy as never existing.

We are also entitled to conduct an audit of your gross billings.

In the event that you change your category of practice or you declare incorrect gross billings, in addition to any other course of action available to us, you may need to pay an additional premium and may be liable to refund any previously provided Premium Support Scheme subsidy if you have chosen the wrong category of practice or declared incorrect gross billings.

Premium Support Scheme

The Premium Support Scheme (PSS) is a Commonwealth Government scheme which assists eligible medical practitioners with the cost of their medical indemnity insurance. We have entered into an agreement with the Department of Health and the Department of Human Services to administer the scheme on the government's behalf. Participation in the PSS is optional. Please refer to the PSS terms and conditions booklet for the full details of the scheme. This booklet forms part of this PDS.

The PSS has a number of conditions which you must comply with. If you do not, Medicare Australia may not provide you with a subsidy under the PSS. We have no liability to provide you with a PSS subsidy, as it is provided by the Commonwealth Government.

If you require a PSS form, a copy of the PSS terms and conditions booklet or further information about the PSS, please visit our website or contact us.

Your duty of disclosure

Under the *Insurance Contracts Act 1984* (Cth), before you enter into a contract of insurance with us you have a duty to disclose every matter that you know, or should reasonably be expected to know that could affect our decision to insure you and on what terms.

You have the same duty to disclose those matters to us before you renew, extend, vary or reinstate your insurance policy with us.

Disclosure is not limited to matters applying to you under your insurance contract with us, but includes other past businesses or private insurances. However, you do not have to tell us about:

- a matter that diminishes the risk undertaken by us;
- a matter that is considered to be common knowledge;
- facts that we know or should know in the ordinary course of our business; or
- matters that we tell you we do not need to know.

If in doubt, you should disclose a matter to us.

If you fail to comply with your duty of disclosure, depending on the prejudice caused to us by your failure to comply, we may be entitled to:

- reject your request for indemnity;
- reduce our liability in respect of a claim, complaint or matter; and/or
- cancel your policy.

If your non-disclosure is fraudulent, we may void the policy entirely (that is, we may treat the policy as never being of any force or effect).

Run-off cover

Our run-off policy provides run-off cover to eligible medical practitioners under the terms of this Practitioner Indemnity Insurance Policy but limits cover to healthcare provided prior to the date they ceased practice and during the run-off period.

Government Run-off Cover Scheme (ROCS)

The Run-off Cover Scheme is run by the Commonwealth Government, and provides free cover to eligible medical practitioners for claims made against them after they cease practice. Medical indemnity insurers are required to give eligible practitioners ROCS cover on the same terms and conditions as the eligible practitioner's

last medical indemnity cover held prior to becoming eligible for ROCS. The applicable policy version and the run-off period of cover will be noted on your policy schedule.

All eligible claims are administered by the insurer and reimbursed by the government's ROCS scheme.

You become eligible for ROCS when you:

- are 65 years of age or over and have retired permanently from private medical practice;
- are permanently disabled;
- have not engaged in private medical practice for the preceding three years (including if you are no longer in paid employment, are practising medicine solely in the public sector or are no longer practising medicine);
- are on maternity leave;
- die (your estate may be eligible for ROCS); or
- leave Australia after working as a medical practitioner under an eligible temporary visa.

If you cease to be eligible (for example, if you resume private medical practice after maternity leave or retirement) you will not be covered under ROCS for claims made against you or facts notified after you return to practice.

Run-off cover prior to eligibility for ROCS

If you cease practice in Australia but do not meet the eligibility criteria for ROCS, you can take out paid run-off cover for your past practice, until you resume practice or become eligible for ROCS.

Run-off cover is available to practitioners who have been members of Avant or who had previously held professional indemnity insurance with Avant and:

- permanently retire from practice; or
- cease private practice; or
- cancel their professional indemnity insurance policy for any other reason; or
- do not meet the eligibility criteria for ROCS.

The applicable policy version and the run-off period of cover will be noted on your policy schedule.

To apply for a policy, you need to contact Avant and provide us with your request for run-off cover, including the date you propose to cease practice.

Where you are covered

Cover in Australia

As part of your policy, you are automatically covered anywhere in Australia and its territories. So that we know where you practise most of the time, the state listed on your policy schedule should be your primary state of practise.

Cover outside Australia

We understand that you may have the opportunity to provide healthcare to people outside Australia. The cover provided in clauses 1-7 (other than the conditions and exclusions within clause 4.1(e) telehealth activities) includes healthcare provided by you outside of Australia, or in relation to court or other proceedings that are brought or held outside of Australia, where:

- a) the period you were outside of Australia, whether or not you were practising, was less than 120 days in any policy period in the aggregate;
- b) you were participating as a trainee in a healthcare training program for a period of less than two years, provided you were only outside of Australia for less than two years in the aggregate; or
- c) the act was a good samaritan act, for which you are covered worldwide.

Notwithstanding subsections (a) and (b) of this section, we will not cover you for matters that arise as a result of healthcare provided by you in the United States of America (USA) or involving proceedings brought in a court or tribunal of the USA, or any court or tribunal which is applying the law of the USA.

You are not covered for any healthcare provided by you outside Australia, or court or other proceedings that are brought or held outside Australia, except as provided by the above. This includes where the patient and/or you are outside Australia at the time healthcare is provided.

Governing law

Any interpretation of this policy relating to its construction, validity or operation shall be made in accordance with the laws of the Australian state or territory in which it is issued. The parties to this policy will submit to the exclusive jurisdiction of the courts of that state or territory in which the policy is issued.

A reference to a statute, regulation, code or other law or a provision of any of them or a professional body or organisation includes any amendment or replacement of it and/or another regulation or other statutory instrument made under it, or made under it as amended or replaced.

Coverage Part A:

Civil liability

This part of the policy is designed to cover the loss you are responsible for to the people that you treat or otherwise come into contact with as a healthcare professional. This is to protect your personal assets and provide legal costs to defend you.

The maximum we will pay for any one claim and for all claims in the aggregate in the policy period in Part A is \$20 million for medical practitioners and \$10 million for all other healthcare professionals, unless otherwise stated in the PDS or on your policy schedule.

Important note: If you hold a run-off policy, you will only be covered for healthcare provided by you during your run-off period.

We will cover you for amounts that you become legally liable to pay as compensation for civil liability, including legal defence costs, in respect of claims made against you in the policy period:

1. Unpaid healthcare

in relation to unpaid healthcare provided by you.

2. Healthcare in private practice

in relation to healthcare in private practice, if you have declared private billings and this cover is specified on your policy schedule.

3. Public patient care (optional)

in relation to healthcare you provide to a public patient if you have declared public income and this is specified on your policy schedule, and where you are not indemnified or entitled to be indemnified by your employer, a hospital, local health district, a government scheme, the Commonwealth or a State or Territory Government entity or another person for public patient care.

Additional cover under Part A

Your cover under Part A is extended to support you if claims of the nature below arise.

4.1 We will cover you for amounts that you become legally liable to pay as compensation for civil liability, including legal defence costs, in respect of claims, arising from healthcare provided by you, made against you in the policy period:

- a) **Breaches of privacy**
for actual or alleged breaches of privacy or confidentiality.
- b) **Breaches of consumer protection legislation**
by your patient for actual or alleged breaches of the *Competition and Consumer Act 2010* (Cth) and any equivalent state or territory consumer protection legislation.
- c) **Defamation**
for actual or alleged defamation, libel or slander.
- d) **Contractual liability**
as a result of a contract that you entered into which relates to your provision of healthcare.

What you are not covered for under contractual liability:

We exclude claims which arise from a liability you assume by contract, waiver, guarantee or warranty, unless you would have had this liability in the absence of these.

e) Telehealth activities

by your patient in relation to you providing telehealth where:

- i. you and the patient were in Australia at the time the telehealth was provided;
- ii. there was a pre-existing clinical relationship with the patient and you were outside of Australia at the time the telehealth was provided, but only if you had been outside Australia for less than 120 days in the aggregate during the policy period and the patient is in Australia;
- iii. there was a pre-existing clinical relationship with the patient and the patient was outside of Australia for less than 90 days at the time the telehealth was provided; or
- iv. you are in the pathologist or radiologist category of practice and the claim arises out of analysing samples and providing a medical opinion, where the sample has been received from a country outside of Australia.

What you are not covered for under telehealth activities:

Any claims that:

- v. arise as a result of analysing results and providing opinions for genomic, embryonic or foetal screening and testing where the sample has been received from a country outside of Australia; or
- vi. involve proceedings brought against you in a court or other body outside of Australia or which apply the laws of a country other than Australia.

Important note:

Please contact your Member Services team if you require cover for telehealth activities not already covered by this policy.

f) Intellectual property rights

as a result of an infringement or alleged infringement of a third party's intellectual property rights.

g) Advice on goods sold

as a result of negligent advice provided by you during the sale of any goods or products.

h) Clinical trial cover

as a result of your participation in a clinical trial.

What you are not covered for under clinical trial cover:

We will not cover you for any clinical trial that involves pregnant women, gene therapy, the use of stem cells or children under the age of 16 years.

i) Liability for restricting practice

as a result of you restricting the ability of a medical practitioner to practise medicine where that medical

practitioner is required by a training institution or medical board to be supervised, mentored or trained by you in order to obtain or maintain a qualification or registration.

j) Reports about others

as a result of reporting an incident or a healthcare professional to a hospital, local health district or registration body where you were acting in good faith and in the public interest or you were required to do so by law.

We will also cover your continued assistance to the relevant body if the matter proceeds to an investigation or the relevant body requests additional assistance.

k) Actions of others

as a result of healthcare provided by:

- i. another person who you are observing, supervising, mentoring or teaching; or
- ii. a locum.

The other person (in the event this person is a healthcare professional) or the locum (as the case may be) must hold their own professional indemnity insurance at all relevant times. For clarity, this clause does not indemnify any person who is not insured under the policy.

4.2 Cover for your practice staff

If you meet our definition of a sole practitioner, clauses 2 and 4.1 (a)-(g) are extended to cover your practice staff (but not a locum) for claims made against them in the policy period for any care, treatment, advice, service or goods provided by them in respect of the physical or mental health of a patient arising out of or in the course of their employment by you and within your category of practice.

This cover requires your practice staff to do all of the things that you would have been required to do under the terms of this cover if the claim had been made against you.

If you are a sole practitioner and did not contribute to, condone, or have prior knowledge of the act, error or omission of your practice staff, or a reasonable person in your position would not have had knowledge of the act, error or omission then exclusions 14.2, 14.3 and 14.4 (a)-(c) will not prejudice the right to indemnity under this clause.

What you are not covered for under cover for your practice staff:

We will not cover your practice staff for:

- i. conduct in relation to healthcare as defined in sub-clauses (b)-(e) of the definition of 'healthcare' in section 5; and
- ii. any claims arising from or in connection with cosmetic procedures performed by your practice staff.

Cover for your practice staff and entity

Are you a sole practitioner?

Under the **Practitioner Indemnity Insurance Policy** we consider you to be a sole practitioner if there is no other healthcare professional in the same specialty as you, employed by or otherwise working in the place where you practice (except a locum).

Are you covered for your practice staff?

As a sole practitioner your practice staff have cover for specified healthcare under your Practitioner Indemnity Insurance Policy (refer to page 10 in the policy). Practice staff includes administrative staff but not medical practitioners.

Are you covered for your practice entity?

If you are a sole practitioner who also owns and controls the entity where you practice, you have cover for that practice entity under your Practitioner Indemnity Insurance Policy for claims made against the practice entity. If you jointly own the practice with a spouse, a person that does not provide healthcare at, or is involved in the daily operation of, the practice (e.g. a silent partner) or a trust which you are a beneficiary of, then you also have this cover.

Important note: If you are not a sole practitioner you may need a Practice Medical Indemnity Policy to cover your practice entity and actions of your staff. If you have any questions, please contact your Member Services team on **1800 128 268**.

For each claim under this clause 8.12, we will cover a portion of the claim inclusive of defence costs up to \$300,000 based on the following conditions:

- d) we will cover you for the first \$50,000 incurred on the claim.

 - ii. if the claim is capable of being settled but your failure to pay the joint contribution causes the matter to not be settled, our liability to indemnify you under the policy will be limited to the amount of defence costs incurred up until the date such settlement could have been achieved in accordance with this condition.

8.13 Motor licence defence

cover up to \$2 million for defending a prosecution for a motor vehicle driving offence which arises out of or is directly related to your provision of healthcare to a patient in an emergency where, if convicted, you may lose your driving licence or your driving licence may be suspended.

- i. we will not cover you for any punitive, aggravated or exemplary damages, fines or civil penalties.

8.14 Defamation or injurious falsehood pursuit

- b) you were the subject of an injurious falsehood which resulted in damage or loss to you.

What you need to pay:

This cover is subject to the payment of a \$20,000 deductible by you to us, notwithstanding any endorsement on your policy schedule which imposes a deductible less than \$20,000. If your policy schedule contains an endorsement which imposes a deductible that is greater than \$20,000 then that is the deductible amount payable by you under this clause. This deductible is payable in addition to any other deductible that might apply under the policy.

8.15 Removal from proceedings

cover up to \$50,000 for defending a complaint against you arising from healthcare that another healthcare professional has provided and where you have been included in the complaint due to your association with that healthcare professional.

9. Statutory fines and penalties

To the extent permitted by law, we will provide cover up to \$250,000, in the aggregate for:

- a) all claims for any statutory fines or penalties which you are legally liable to pay and are ordered to be paid by you and notified to us during the policy period resulting from proceedings by a regulatory, government body or authority based on your breach of workplace health and safety law, environmental law, consumer protection law or privacy law if the breach is directly related to your provision of healthcare;
- b) any civil penalty based on your breach of workplace health and safety, environmental, consumer protection or privacy laws first ordered to be paid by you and notified to us during the policy period which is directly related to your provision of healthcare, and
- c) any notification costs associated with notifying any patient, third party or regulator in accordance with your legal responsibility as a result of any actual, alleged or suspected breach of privacy in relation to personal information collected arising out of your provision of healthcare.

Any monetary fines:

- ii. imposed where you knew, or reasonably should have known, prior to the policy period that you had violated any of these laws and committed an offence;
- iii. imposed as a result of further breaches committed after you first knew, or where a reasonable person in the circumstances ought reasonably to have known, that you had violated the law and committed an offence, and which led to the imposition of increased or additional fines; and
- iv. imposed outside of Australia and its territories.

What you are not covered for under Clause 9(c):

We will not cover you for:

- i. wages, overtime, salaries or fees of you or your employees; and
- ii. cost to comply with any injunctive relief.

The audit must be commenced by the Australian Taxation Office during the policy period, and must be notified to us in writing during the policy period.

11. Loss of documents

We will provide cover up to \$250,000 for costs incurred by you to replace or restore documents which have been destroyed or damaged, where such loss or damage is sustained in the policy period whilst the documents are either in transit or in your custody or the custody of any person to whom you have entrusted them in the course of the normal conduct of you providing healthcare, but only when:

- a) such loss or damage is not a result of normal wear and tear, lack of access to electronic data, cyber crime, or where you deliberately or wilfully caused the destruction or damage; and
- b) the cost to replace or restore the documents must be supported by bills and accounts which shall be subject to approval by the lawyer.

Coverage Part C: Communicable disease cover and away from work costs

We understand that as a healthcare professional, the risks you face are unique compared to other professionals. This part of the policy is designed to provide additional protection to assist you in running your practice.

Important note: If you hold a run-off policy, you do not have cover under Part C of this policy, and it is not noted on your policy schedule.

12. Communicable disease cover

We will pay you the amount specified in your policy schedule for communicable disease cover if, as a result of you first being diagnosed with HIV, hepatitis B or hepatitis C viruses, extremely drug-resistant tuberculosis (XDRTB), multi-drug-resistant tuberculosis (MDRTB) and New Delhi metallo enzyme enterococci (NDM-1) during the policy period and you:

- a) retire due to disability;
- b) substantially modify your practice to enable you to continue to practise medicine; or
- c) undergo substantial training or retraining to enable you to continue to practise medicine.

You must notify us of your diagnosis in writing during the policy period.

Important note:

You are not covered for any communicable disease:

The amount we pay you will be less any input tax credit or adjustment which you are entitled to claim.

We will only reimburse you for your personal expenses upon production of evidence of payment satisfactory to us, unless we have agreed in writing to make a repayment. Expenses for motor vehicle use will be reimbursed at a rate accepted by the Australian Taxation Office for motor vehicle expense claims.

We will pay you for each half day of lost earnings or income at the rates specified as the sum insured for interruption to earnings cover in your policy schedule.

- v. interruption to earnings related to personal preparation time;

General conditions

15. These conditions form part of the policy and by accepting the offer of insurance, you agree to comply with the following:

15.1 Loss prevention and mitigation

You must not do, and must ensure that your practice staff, employees or contractors do not do, anything reckless or wilful that might give rise to a claim or request for indemnity. You must take all reasonable steps to avoid or reduce the chance of any claim or request for indemnity and to mitigate the cost or other adverse impact of any claim or request for indemnity. You must not do, or fail to do, anything which you know or should reasonably be expected to know will result in any claim or request for indemnity.

15.2 Subrogation and other insurance

15.2.1 If we make a payment or incur legal costs and expenses under this policy, we are subrogated to all your rights of contribution, indemnity or recovery without the need for your consent. You agree not to surrender any right to, or settle any claim for, contribution, indemnity or recovery without our prior written consent.

15.2.2 You must tell us in writing when making a request for indemnity if you have any other insurance policies or entitlement to indemnity which may also cover you in respect of anything covered by this policy.

15.2.3 To the extent allowed by law, we will not pay under this policy any part of a liability in relation to which you are entitled to be indemnified under another policy of insurance.

15.3 Fraud

We may reject any fraudulent claim or request for indemnity or any part of a claim or request for indemnity that is fraudulent or is supported by fraudulent, untrue or exaggerated evidence. We may also recover from you any payments that have been made by us to a third party based on any fraudulent claim or request for indemnity.

15.4 Risk management

We are entitled to undertake a practice audit, peer review, risk analysis or other investigation of you or your practice when, in our reasonable opinion, such action is required. Your cooperation in any such action is a condition of the cover provided under this policy. If you do not cooperate in such action we may cancel your policy by giving you not less than 14 days' notice in writing.

15.5 Cessation of specified clinical activities

15.5.1 You must stop providing or conducting or modify the way in which you provide or conduct a particular procedure, treatment or clinical activity if:

- a) we consider that the procedure or clinical activity poses an unreasonable risk of medical negligence or injury, illness or disability to patients; or
- b) a registration board or authority places a condition on your registration that you must not perform a specified procedure, or that you cannot perform a procedure in a particular way.

15.5.2 We will provide a minimum of 14 days' notice requiring you to cease carrying out or modify the way in which you carry out any such procedure, treatment or clinical activity. If you do not do so, we may cancel your policy by giving you a further 14 days' notice in writing.

15.6 Clinical records

You must maintain clinical records for healthcare provided to your patients that:

- a) are of a standard expected of a competent healthcare professional;
- b) are prepared and updated on or reasonably proximate to each occasion of the provision of healthcare; and
- c) if computerised, the integrity of the records can be verified by reference to the security features of the software.

15.7 You must tell us your correct gross billings amount

You must supply us with an accurate estimate of your gross billings at the beginning of the policy period. You must tell us if this estimate changes during the policy period.

During the policy period, we are entitled to conduct an audit of your gross billings and we require you to comply with our requests for information to undertake this audit. If we find that the gross billings you declared at the beginning of the policy period were not accurate, we may require you to pay an additional premium. If you intentionally supply us with an inaccurate estimate of your gross billings, we may avoid the policy entirely (that is, we may treat the policy as never being of any force or effect).

15.8 Cancellation

15.8.1 You may cancel this policy at any time by notice in writing in which case we will refund the premium on a pro rata basis, less two months' premium. If you pay your premium by instalments you will be charged two months' premium and we will release you from the obligation to pay the remainder of the premium. If you have notified us of a complaint or claim or facts that might give rise to a claim during the policy period, there will be no pro rata refund. If you pay your premium by instalments you will continue to be charged the premium that you have not yet paid.

15.8.2 We may cancel this policy by giving you 14 days' notice in writing:

- a) if you have not paid your premium within 30 business days of the policy period commencing;
- b) in the event that you are paying via instalments and an instalment remains unpaid for over one month;
- c) if you are in breach of any of the conditions of this policy including a failure to pay your deductible;

- f) if you hold a run-off policy and are providing healthcare; or
- g) for any other reason available to us under the *Insurance Contracts Act 1984* (Cth).

15.8.3 If we give notice to cancel the policy then we must give that notice to you personally, or in writing by mail or electronically to the last address of which you notified us. Unless you prove otherwise, you will be deemed to have received the notice when it would have arrived in the ordinary course of the post or by electronic transmission.

Claims made policy

This policy operates on a claims made basis. It covers you for claims (including legal defence costs) made by patients and other third parties against you and which you notify to us within the policy period, when the healthcare giving rise to the claim occurred after the retroactive date.

Every claims made policy has a retroactive date. For a claim to be covered under Part A of the policy, the healthcare you provided which led to the claim must have occurred after the retroactive date. The retroactive date is a date in the past and could be before the inception of this policy. The retroactive date that you have agreed with us can be found on your policy schedule.

Part B of the policy provides legal fees and other expenses for disciplinary and other matters such as, tax audit cover and cover for loss of documents. The clauses require that the matter or proceedings are commenced and notified to us in the policy period.

If you hold a run-off policy, you will not have a retroactive date on your policy schedule and will have a run-off period instead. The healthcare giving rise to the claim must have occurred during the run-off period to be covered.

This policy does not provide cover in relation to:

- claims against you arising from healthcare that occurred prior to the retroactive date, or outside the run-off period if you hold a run-off policy;
- claims against you, or facts that may result in claims against you, notified to us after the end of the policy period;
- claims made, threatened or intimated against you prior to the policy period; or
- facts or circumstances of which you first became aware prior to the policy period, and which you knew or ought reasonably to have known had the potential to give rise to a claim or request for indemnity under this policy.

Cover for your past practice: Retroactive cover

As a practising healthcare professional, it is important that you have cover in place for the liability you have built up for your past work. This is often referred to as retroactive cover or cover for your 'tail' and provides cover for the period after the retroactive date listed on your policy schedule and before the inception of the policy. We will make an offer of retroactive cover based on your advice to us. It is a requirement of your registration that you have appropriate retroactive cover in place.

You may require this cover if you have:

- had a 'claims made' professional indemnity policy in the past;
- had periods when you had no professional indemnity cover or were not indemnified by your employer or a government indemnity scheme;
- had periods when you were uninsured;
- doubts about the adequacy of the insurance or indemnity cover you hold; or
- undertaken healthcare activities in the past.

What you are not covered for:

We do not cover you for claims, or facts which may lead to a claim,

- that were previously notified to another insurer or indemnity provider;
- that you declared, or should have declared, in applying for or renewing your policy; and
- where healthcare was provided before the retroactive date.

Once you accept the retroactive date on your policy, this will then be provided to you automatically when we issue or renew your policy.

Continuous cover

If you, before the policy period, first become aware of facts or circumstances that might give rise to a claim or request for indemnity and you decide not to notify us of these facts or circumstances, then, notwithstanding clause 14.1, we will cover you where:

- a) we continued without interruption to be your professional indemnity insurer from the time you knew or ought reasonably to have known of the facts or circumstances that might give rise to a claim or request for indemnity to the date you actually notified us;
- b) had you decided to notify us when you first became aware of the facts or circumstances, you would have been covered under the policy in force at that time; and
- c) your decision not to notify us when you first became aware of the facts or circumstances was not fraudulent non-disclosure or fraudulent misrepresentation.

Our liability to indemnify you is limited to the extent we would have been obliged to indemnify you under the terms and conditions of the policy in effect at the time you knew or ought reasonably to have known of the facts or circumstances that might give rise to a claim or request for indemnity.

If we are obliged to indemnify you pursuant to this clause, we may reduce our liability to you by the amount of any prejudice we suffer as a result of your decision not to notify us at the time you knew or ought reasonably to have known of the facts or circumstances that might give rise to a claim or request for indemnity.

How much we will pay

- a) the most we will pay for any one claim or request for indemnity under this policy, and in the aggregate for all claims and requests for indemnity during the policy period, is the maximum sum insured listed on your policy schedule. For communicable disease cover or if you opted to have the away from work optional cover, these sub-limits will be paid in addition to the sum insured.
- b) any sub-limit that applies to a cover is the most we will pay against that cover for any one claim or request for indemnity and in the aggregate for all claims or requests for indemnity during the policy period for that cover. Any sub-limit will be specified in the PDS, the policy schedule or within the clause providing cover.
- c) the sum insured and any sub-limit are inclusive of legal defence costs.
- d) the sum insured and any sub-limit are inclusive of the deductible.
- e) nothing in this policy operates to increase the sum insured or any sub-limit.
- f) all claims or requests for indemnity under this policy, which arise from, or are attributable to, a single act, error, omission or occurrence or series of related single acts, errors, omissions or occurrences, will be treated under this policy as one claim or one request for indemnity.
- g) where more than one sub-limit applies to a claim, the amount payable for the claim under each sub-limit in the aggregate shall not exceed the highest applicable sub-limit.

Payment of deductible

When you make a claim under the policy you are required to pay the applicable deductible(s) by the due date. Unless otherwise stated in the policy schedule, all deductibles are inclusive of defence costs.

If more than one deductible applies to a claim, you are liable to pay each of the applicable deductibles.

We may require you to pay your deductible(s) before we agree to provide any payments or take any steps to provide cover to you under the policy. We may demand payment of your deductible regardless of the amount, if any, incurred at the date of the claim.

If you fail to pay your deductible(s) when requested by us, and this causes a settlement of the claim to fail, and/or increase loss arising from the claim or matter, our liability under the policy will not exceed the amount for which the claim or matter could have settled for up to the date of your failure or refusal to pay the deductible(s).

If you fail to pay your deductible(s) by the due date, we may:

- i. cancel the policy. If the policy is cancelled due to non-payment of your deductible(s), there will be no pro rata refund; and
- ii. charge a late fee or interest from the date the payment is due.

You must notify us of a claim

You must notify us in writing as soon as practicable of any claim. If you do not then you may not be covered under this policy and your right to indemnity may be prejudiced.

To report a claim you must notify us in writing to:

Avant Insurance Limited
PO Box 746 Queen Victoria Building NSW 1230
or nca@avant.org.au

Your notification must include

- a) your details;
- b) the details of the claim, including the date the healthcare was provided or the act, error or omission leading to the claim;
- c) the patient's name; and
- d) the particulars of the claim.

If you are unsure whether to notify us of an incident, please contact us.

Other things of which you must notify us

You must notify us in writing as soon as practicable of

- a) any facts or circumstances of which you became aware of that could lead to a claim; and
- b) any civil or criminal action, prosecution, inquiry, inquest, investigation or complaint, judgment, appeal or tax audit brought or made by a registration board, tribunal, complaints unit, criminal court, civil court, coronial court, Medicare or the Australian Taxation Office directly relating to your practice as a healthcare professional.

If you do not notify us of the matters set out above as soon as practicable, you may not be covered under the policy and your right to indemnity may be prejudiced.

No admission

You must not make, and must ensure that your practice staff, employees or contractors do not make, any admission, offer or compromise in relation to any claim covered by this policy without our prior written consent.

Conduct of claims or requests for indemnity

You agree that we have the conduct of a claim or request for indemnity covered under this policy including its investigation, pursuit, defence, avoidance, reduction or settlement and we may do so in your name.

We may defend or settle a claim, complaint or matter as we think fit. You may defend any claim or request for indemnity which we believe should be settled but we will not pay any more in relation to that claim or request for indemnity than we would have been required to pay if it had been settled or resolved as we believed it could or should have been.

We will appoint the lawyer or other person

We will appoint the lawyer or other person to provide services to us for the benefit of you. When we appoint the lawyer or other person, we do so in our own capacity and not as an agent for you.

The lawyer or other person appointed by us supplies services to us and not to you for the purposes of the Goods and Services Tax (GST). We are entitled to claim a GST input tax credit on services supplied by the lawyer or other person.

We do not accept any responsibility for anything done or not done by the lawyer or other person. He or she is not our agent or employee. We make no representation of any kind about the lawyer's or other person's ability.

Cooperation

You must cooperate with us (including the lawyer and other person appointed by us) in resolving the claim or request for indemnity or appeal. In particular, you must:

- a) give us and the lawyer a full and truthful account of the relevant facts;
- b) give us and the lawyer any relevant information or documents in your possession that he or she asks for;
- c) obtain any other relevant information or documents that you can;
- d) execute any documents we or the lawyer ask you to;
- e) attend any meetings we or the lawyer ask you to;
- f) adhere to our instructions, including providing all information, documents and assistance required;
- g) waive any claim for legal professional privilege or confidentiality to the extent only that the privilege or confidentiality would otherwise prevent the lawyer from disclosing information to us;
- h) follow the advice of us or the lawyer; and
- i) cooperate with us or the lawyer in resolving the matter in a satisfactory, timely and cost-effective way, and not cause a delay which, in our reasonable opinion, prejudices the outcome of the case.

Notwithstanding that you agree that we have the conduct of a claim or request for indemnity, you must not act unreasonably in rejecting a settlement, compromise or an offer of settlement, which we or the lawyer recommend to you. This includes circumstances if you refuse to make an offer of settlement. You must also agree to accept outcomes that, in our sole opinion, we believe are reasonable in the resolution of the matter.

If you do not cooperate with us then we will not be liable for legal fees and other expenses, and will not cover you and can withdraw assistance. This will mean that you will be responsible for your own legal fees and expenses.

Withdrawal of indemnity for Part B

We may decide not to incur any further legal fees and other expenses for pursuing, defending or responding to a request for indemnity under Part B if we believe, in our sole opinion, that there are no reasonable grounds in pursuing, defending or responding to the complaint, matter or prosecution or there are no reasonable prospects of success if we do. We will take account of the lawyer's advice in making that decision. If we do that, we will tell you in writing. We will pay the legal fees and other expenses incurred prior to the date on which we write to you telling you of our decision.

You may continue pursuing, defending or responding to the complaint, matter or prosecution. After we cease paying the legal fees and other expenses, we will only pay you thereafter for the reasonable legal fees and other expenses (not including the GST component if you are registered for GST) that you have incurred if you are successful in pursuing, defending or responding to a complaint, matter or prosecution.

Appeals

If you are dissatisfied with any decision by a court or other decision-making body, you must gain our consent in writing to appeal within 14 days after the date of the decision, or such shorter period as may be reasonable having regard to the time limit for an appeal.

The application must be in writing and must fully set out the reasons for bringing an appeal. We will inform you in writing if we consent to the appeal. If we do not consent to the bringing of an appeal, you may conduct the appeal at your own expense. If you are successful in your appeal, then we will pay for the reasonable legal fees and other expenses (not including the GST component if you are registered for GST) that you have incurred in accordance with the cover provided to you under this policy.

Claims acceptance

The acceptance of a claim or request for indemnity by us under this policy can be subsequently withdrawn if facts or circumstances come to our attention that the policy does not cover the claim or request for indemnity.

4.

Other information you need to know

Renewing your policy

Your renewal pack will be sent to you prior to the expiry of your policy period. When you receive your renewal pack it is important for you to review the details to ensure that they are correct and to determine if there is anything you need to do in order to renew your policy. In the event your circumstances have changed, you have a duty of disclosure and need to notify us.

Making changes to your policy

You must let us know as soon as practicable if:

- your personal details change;
- you change the services you provide and/or your category of practice;
- your gross billings change;
- you require change to your cover;
- your registration changes or ceases (including if there are any changes, or additions, to any condition, undertaking, notation or endorsement on your registration);
- you retire from practice; or
- you otherwise become eligible for Run-off Cover Scheme (ROCS).

If you fail to do so, we may refuse your claim or request for indemnity, reduce our liability in respect of a claim or request for indemnity or cancel your policy.

You can notify us by contacting your Member Services team on **1800 128 268**. If we require you to give us notification in writing, we will inform you once you contact us.

Change in registration status

You must tell us as soon as practicable, and in any event within 14 days, if you are no longer registered as a healthcare professional or if your registration status as a healthcare professional has been changed or you have had conditions or restrictions imposed on your registration as a healthcare professional or such conditions or restrictions are changed or you receive notice that any registration authority intends to change them.

Premium adjustment

We may refund part of the premium you have paid on a pro rata basis if you make a change to your policy which reduces the premium.

If you have declared to us billings that do not accurately state your actual billings we are entitled to adjust the premium so that you are liable to pay to us the amount that would have fallen due if you had provided accurate billings to us.

If, after the commencement of your policy, your personal circumstances change so that you will not be providing healthcare for a period in excess of three months during the policy period, we may consider a refund of part of the premium you have paid on a pro rata basis if you apply to us immediately upon any change of circumstances.

Our dispute resolution process

If you have any complaints about the product or service provided to you, then you should inform us immediately. Our service staff should be able to resolve the issues you raise satisfactorily. Purpose of this guide

This guide applies to the Avant Practitioner Indemnity Insurance Policy and Intern/RMO1 Indemnity Insurance Policy and is designed to provide you with information about our categories of practice and details on calculating your gross billings. These two aspects and the state in which you practise directly affect your cover under the Practitioner Indemnity Insurance Policy and Intern/RMO1 Indemnity Insurance Policy and the premium (if any) payable for the policy. For these reasons, it is important that you select the category of practice which best describes your activities as a healthcare professional, the state in which the majority of your practice occurs and correctly calculate and advise us of your gross billings.

Categories of practice are determined by Avant Insurance Limited and may be updated, amended or replaced from time to time.

The section on gross billings explains in detail what this term means including examples of various billing and income types you may need to include.

Categories of practice

What is your category of practice?

Your category of practice:

- is determined by your qualifications and the type of work you do in your professional practice; and
- should reflect the work you will undertake during the period for which you seek indemnity insurance.

In order to be fully indemnified for all aspects of your practice, you should advise us of any work or procedures you do outside the category of practice you have selected. Failure to do so will result in no cover for a procedure outside your chosen category. You may be asked to supply proof of training or qualifications supporting your application for a particular category or to perform specific procedures or activities. The categories are divided into nine groups:

- Intern and Resident Medical Officer;
- Doctor in Training;
- General Practice;
- Cosmetic Practice;
- Other Medical;
- Specialist Non-Surgical;
- Surgeon;
- Allied Health; and
- Dental.

To assist you in determining your category of practice, we have listed inclusions and exclusions, which apply to specific categories.

The inclusions and exclusions are intended to be a guide rather than an exhaustive list of the procedures or activities. If you have any questions about procedures or activities you undertake please do not hesitate to contact your Member Services team on **1800 128 268**. If you perform procedures that are inconsistent with your chosen category of practice, or that are excluded under your chosen category you will not be indemnified.

Changing your category of practice

If the work you undertake changes, and as a result you need to change your category of practice, you must notify us as soon as possible.

Category of practice changes can be made for a minimum period of three months and you may only make four changes in a 12-month period.

If you do not notify us of such a change, we will not provide cover for healthcare which is not consistent with the category specified on your policy schedule at the time an incident occurs.

Procedures outside your category of practice

If you are performing procedures that are not normally associated with your category of practice and you are unsure whether your risk category is appropriate or you require assistance in determining your gross billings, please contact your Member Services team on **1800 128 268**.

Gross billings

Gross billings are defined as the total of all billings generated by you from your provision of healthcare for which you require indemnity from us, whether retained by you or not, and before any apportionment or deduction of any expenses and/or tax, during the policy period.

We are also entitled to conduct an audit of your gross billings.

In the event that you declare incorrect gross billings, in addition to any other course of action available to us, you may be required to pay an additional premium and may be liable to refund any previously provided Premium Support Scheme subsidy as a result of incorrect billings being declared.

Please contact us if you need assistance in understanding the categories of practice, if you practise across more than one category, need to update your category or need clarification on calculating your gross billings.

Important notes:

For your private healthcare billings, you must include the total amount you expect to bill for the healthcare you provide, not the income, salary or drawings you expect to receive or retain. Declaring only the income you receive does not provide us with an accurate view of the healthcare you provide, and does not meet your obligation to provide accurate gross billings.

Bulk billing practice

If you bulk bill Medicare for healthcare, you should include the total of all amounts received in the bulk billing claim of assignment of benefits, and not just the proportion you receive.

Calculating your gross billings:

Your annual estimated gross billings must include the total of:

1. amounts billed to Medicare before any rebates;	\$
2. amounts billed to patients, for which there is no Medicare rebate available. You must include the full amount billed to your patients, not the income you receive;	\$
3. amounts billed for healthcare to public patients where you do not have access to indemnity from the public hospital's indemnity scheme or your employer, and we have agreed to provide indemnity;	\$
4. payments by individuals, the Commonwealth Department of Veterans Affairs, Workers' Compensation schemes and third-party and/or vehicle insurers;	\$
5. income earned for the practice of your medical profession carried on outside Australia, if we have agreed to cover that overseas practice;	\$
6. income you derive from any other source as part of your medical practice – such as professional fees and incentive payments other than those made under the Australian Government's Practice Incentive Program (PIP);	\$
7. if you are a radiologist, pathologist or cosmetic practitioner, you must declare gross billings commensurate with the number of patient services you provide. You cannot only declare your salary or income as this does not reflect the healthcare you provide.	\$
Total	\$

Do not include:

- income from public patient healthcare for which medical indemnity cover is provided by a public sector organisation or your employer.

Important information

Not all doctors are the same, we value your individuality.

With advancements in medicine we are seeing an increasing number of our members working across multiple areas of practice. Whilst we currently offer 80 categories of practice, and these are appropriate for the majority of our members, we acknowledge that your practice may be unique.

You may practise across multiple specialties or sub-specialties or you may practise in one area and have a special interest in another. You may practise predominantly in one category with a small percentage of your work being undertaken in another category. *We can tailor a solution for you.*

If you have a practice profile that does not follow the typical format, please contact us for an individual assessment at member.underwriting@avant.org.au

New fellows

We understand the journey you are on and the challenges that go along with entering practice as an independent medical practitioner. We are here to support and assist you to navigate through the complexities of the next stage of your career. Which career path will you choose?

Advanced training

You may decide to enter an advanced training program, rather than move into independent medical practice. If you are moving from one training program directly into another, you can remain in a Doctor in Training category.

If you are unable to move directly into another training program and you are unable to find a role using your specialist qualification, we will allow you to remain in a Doctor in Training category if your new training program will commence within two years.

If you are unable to obtain a place on a training program within two years and you are not using your specialist qualification, you must move into the Career/Hospital Medical Officer category. If you are using your specialist qualification see below.

Entering the public health system as a specialist

You will need to select the specialist category that aligns with your qualification.

Whilst you will generally be indemnified for medical negligence claims, your employer will rarely provide cover for all the areas of medico-legal risk to which you are exposed.

An Avant policy can provide independent protection and peace of mind in the following areas:

- mandatory reporting of a healthcare professional;
- registration board, disciplinary, coronial and criminal investigations and proceedings; and
- fees and expenses in the event of a dispute with your employer regarding your conduct towards a patient or pursuing indemnity from your employer's insurer if they decline to assist you regarding a claim.

Entering private practice

You will need to select the specialist category that aligns with your qualification and estimate your gross billings from private practice.

The decision to move into private practice can be daunting and ensuring that you have the right insurance protection is key. An Avant policy can provide additional protection and peace of mind in the following areas:

- cover for civil liability arising from the healthcare services you provide and claims made against you as a result of your reporting of a healthcare professional or incident;
- cover for legal fees and expenses for proceedings such as disciplinary, coronial and criminal investigations, Medicare and tax audits and inappropriate practice defence; and
- cover for communicable diseases and optional away from work costs.

Our Getting Started in Private Practice program (GSIPP)

offers substantial savings to help ease financial pressures when you start or join a private practice. Check your eligibility on our website avant.org.au/newprivatepractice

 - treat private patients within your staff specialist role which falls outside the terms of the TMF agreement. We will ask for the drawing rights for that portion of your practice and record your practice category and billings amount; and
 - treat private patients within your staff specialist role which falls outside the terms of the TMF agreement and you perform private practice outside of your staff specialist role. We will ask for your drawing rights from that portion of your practice that falls outside the TMF agreement PLUS your private practice billings and record your practice category and total billings amount.

Other staff specialists

- **Drawing rights only**
We will record your staff specialist level (2–5) and FTE status.
- **Drawing rights plus private practice**
We will record your practice category and annualised gross billings amount.

National (excluding New South Wales)

- **No private practice**
We will record your practice category and nil billings.
- **Private practice**
We will ask you for your annualised gross billings and record your practice category and gross billings amount.
