

Tax transparency report

For the year ended 30 June 2020

A message from the Chief Financial Officer

On behalf of the Board of Directors, I am pleased to present the 2020 Tax Transparency Report (Report) for Avant.

We value the contribution we make to our members and the community and remain committed to providing accessible and transparent information about our businesses, including tax contributions and our approach to tax strategy.

In line with the Board of Taxation's Voluntary Tax Transparency Code (TTC), Avant have prepared this voluntary Report for public disclosure of tax information in accordance with ATO recommendations.

Daniel Vanderkemp

Chief Financial Officer

Introduction, tax policy and strategy

Avant Mutual Group Limited (Avant) is Australia's leading medical defence organisation with a proud heritage of protecting the Australian medical profession that spans over 125 years.

Avant focuses on being a trusted protector and advisor for their members and takes pride in being a socially responsible corporate citizen in relation to taxation matters. Avant's policy, strategies, resources, procedures and controls in relation to taxation have been established and implemented in harmony with Avant's vision.

The Board acknowledges and requires Avant to:

- a) actively monitor, identify and manage tax risks;
- b) comply with statutory obligations, administrative requirements and required disclosures in Australia;
- c) pay the amount of tax that is legally required to be paid in all jurisdictions in which Avant operates;
- d) maintain documented policies and procedures in relation to tax risk management; and
- e) maintain open, transparent and professional relationships with Revenue Authorities, both local and international.

The Board has delegated to the Avant Board Audit Committee the authority to review the tax governance policy.

Avant's Board Audit Committee will periodically review the Tax Governance and Risk Management Policy. This policy applies to the Board, executives, employees, advisors and parties who perform work for Avant and its subsidiaries.

This Report sets out relevant tax information for Avant and its controlled entities for the year ended 30 June 2020 with comparatives for 30 June 2019.

Avant's tax profile

Avant (a company limited by guarantee) and its controlled entities, operates for the mutual benefit of its members. Avant and its wholly owned Australian controlled entities have formed a tax consolidated group.

Certain activities of the Avant tax consolidated group are treated as mutual dealings such that Avant is not liable for income tax on mutual dealings e.g member fee income nor are the outgoings related to those mutual dealings allowable as income tax deductions. The Avant tax consolidated group, however, is liable to income tax on investment income, capital profits, and income from non-mutual dealings (for example; insurance related activities).

Our approach to tax

Avant has a robust tax governance and risk management framework that governs the operations of the business. Tax is an important subset of these frameworks, which are predicated on integrity and transparency to ensure high standards of corporate and social responsibility.

The key elements of Avant's approach to tax include:

- a) Complying with all applicable tax laws;
- b) Meeting all taxation obligations in accordance with applicable legislation and requirements and a low tolerance for failing to comply with our taxation obligations;
- c) Adopting a low risk appetite to tax structuring on a range of transactions and activities across the business;
- d) Maintaining a professional and transparent relationship with the Australian Taxation Office (ATO) with early engagement on relevant transactions;
- e) Seeking professional advice or a taxation ruling from ATO in circumstances where the potential taxation outcome is uncertain;
- f) Implementing controls over material risks, and periodically assessing the effectiveness of those controls and rectifying any deficiencies;
- g) Reviewing key tax-related controls as part of the Internal Audit plan to ensure relevant processes and controls are appropriately reviewed; and
- h) Assessing the materiality of a risk based on the degree of financial and non-financial impacts, including community, reputational and legal impacts.

Avant has always engaged with the ATO and other revenue authorities in an open and transparent manner.
